2. Main features

Course objectives
2. general Spanish - intermediate: by completing this course, the student will have reached the B2/B2 CEFR level, starting from B1/B2 CEFR
Brief description of the course
The course is structured around the themes of technology, education and the labour market, health, while students learn the important structures of Spanish grammar. Emphasis will be placed on the use of conjunctions in different contexts, as well as the use of the conditional tense and the corresponding pronouns. The development of language skills will be developed in a practical and interactive way throughout each topic.
Relationship with other courses of the programme

3. Learning outcomes

Skill	Knowledge	Attitude	Autonomy and Responsibility
Students will be able to engage in more complex conversations, express opinions and argue on everyday and professional topics.	Deepening the grammatical structures (e.g. conditional tense, conjunctions) and vocabulary necessary for intermediate language use.	2. Is open to new knowledge, wants to improve his/her language skills and wants to learn about Spanish culture. Recognises the importance of new knowledge. Is self-critical about his/her own language development, is ready to work together (situational tasks, group work), thus contributing to the development of others. Initiates interaction.	2. Accept the framework of cooperation, while at the same time consciously developing themselves. Increasingly takes responsibility for his/her own language skills. In text production, he/she develops creative content. Consciously supports the work of colleagues.
